

FY23 ANNUAL REPORT

(SEPTEMBER 1, 2022 – AUGUST 31, 2023)

A WORD FROM THE NURTURY'S PRESIDENT & CEO

Laura Perille
President & CEO
Nurtury Early Education

Dear Friends,

As we reflect on 2023, I am filled with immense gratitude and pride as the CEO of Nurtury Early Education. The unwavering support from our community has enabled us to continue our vital mission of providing exceptional early education programs for the children and families we serve, including many vulnerable children and families who have been economically marginalized.

This past year has been marked by numerous achievements and important initiatives. Whether it was expanding our reach to serve more children, investing in workforce compensation and quality support, or forging new partnerships, every effort aimed to create a positive and lasting impact on the children we nurture and the caregivers and educators we support.

I am pleased to report that our financial stewardship has been robust, thanks to the generosity of our donors, grantors, and the tireless efforts of our fundraising team and program staff. Through meticulous planning and effective resource allocation, we have not only sustained our programs but have also expanded our services to reach even more families in need.

As we embark on a new year, our vision for Nurtury Early Education remains steadfast. We will continue to innovate, advocate, and collaborate to ensure that every child receives the quality early education they deserve. The road ahead may have its challenges, but with your continued support, we are confident in our ability to overcome them and make a lasting difference in the lives of the children we serve.

I extend my heartfelt thanks to each and every one of you – our donors, friends, staff, and advocates. Your belief in our mission fuels our passion, and your dedication empowers us to make a meaningful impact. Together, we are building a brighter future for the next generation.

Laura Perille Association,

Laura Perille
President and CEO
Nurtury Early Education
